

Waves (Freestyle)

Juice WRLD

Yeah, eh, eh
Uh-huh, heh-heh
I mean, y'all be sayin' that y'all freestylin'
But y'all be like... spittin' writtens and shit
That's BS
Uh, uh-huh, uh, uh-huh, uh, uh-huh
Uh, I don't even write my wrongs
Yeah, huh

Off the top, kickin' it, no karate class
Janitor, I'll mop his ass up, chop his ass up
I'm the best at what I do, can't nobody do it better
Yo girl look like sprinkler system from the way I get her wetter
I'm out the jam like jelly
I'ma go hard, catch the shot like Belly
I'm the best to ever do it, have 'em leakin' body fluids
Feel like Waka Flocka "O Let's Do It" when I'm on this music
Off the dome when I'm kickin' it
Kinda like I got an impediment when I'm spittin' it
I been rippin' writtens without writing a damn thing
I'm Doin' my damn thing, I rap and I sing
I ring like bells, king
That's me, you better king me
I'm married to the money, fuck it, need to buy a ring, b
I pull up on the scene, choppa get the fuckin' ring, king
Like a joke or something, choppa get the zine king
Man this shit look easy, on my grind like Trukfit, no Lil Weezy
Yo bitch too sleazy, 40 bless yous, sneezin'
I'm the best to ever do it, take yo breath away, you not breathin'
Uh, breaking Bad method how I sell this meth
Retrospect, put that shit back in retrospect
Take yo specs, take yo bitch, grab her breast, tat her chest
I'm the best to ever do it, I'ma say that again
Lord forgive me on this mic, 'cause I know I'm finna sin
Killin' him, him, and him, referencin' Eminem
All these other rappers ain't shit but thinnin' in
I don't really got time for it
They can have a penny cause I don't really have a dime for it
Catch me rockin' Tom Ford and some Air Forces
With a passport and a black torch
Comin' up the full court, pressed like Kobe or somethin'
Super clutch in the fourth like Ginobili or somethin'
You say you ballin' like you Jordan nigga, nah, you frontin'
Run up on me that's okay, that choppa on me get the Jumpman
Like Jumpman, 23 and that Glizzy come and get it
I been defyin' niggas like science and physics
You run up on me, I hit 'em, that choppa on me like a tongue
I pull it out and them lick 'em, I'ma shoot him till he done
I got all the girls sprung, pull up on the scene like a "he hung"
Im'ma the best to ever do it, say that again
Off the dome, kickin' it, that's just how it is
I don't got to write shit, I see it like a psychic
Your girl like a Huffy commercial, she ride like bikes, kid
I'm the best to ever do it, yeah I said it and I meant it
Listen to my lyrics, man I vibe on this bitch
Roll a blunt up, a OG, and get high on this bitch
Mix it with the pills and liquor, I may die on this bitch

Dude, I do that shit on purpose, suicide in that bitch
Suicide doors with a suicide whore
Drivin' off a bridge, I call that a suicide Porsche
We kickin' it, man, look
I pull up in a four-door flippin' like parkour
Fuck yo bitch on camera and call that shit a hardcore
Hard porn, Sharper than hard poons
I come through with three bullets in my face, that's a war room
Animated like cartoons when I'm off the shrooms
Niggas dirty so they choppas actin' like brooms
Niggas salty like Spongebob and spittoon
Pull up on the scene, that's just me
Hey, switch that shit up real quick
I may come back to that, I don't know
