Juicy J

The everyday stress entertainers go through on the daily is crazy
And y'all wonder why we be doin' these drugs

Never gon' slip, never gon' fall, always on top, never gon' crawl
Keepin' it movin', never on pause, picture perfect, never a flaw
Never gon' slip, never gon' fall, always on top, never gon' crawl
Keepin' it movin', never on pause, picture perfect, never a flaw (Yeah)

I'm a pill poppin', gold grill rockin', still a Memphis-ass nigga for life
I'm a seal poppin', condoms not an option, ratchet-ass nigga for life
If you a risk taker, bad-bitch breaker, you a trill-ass nigga for life
I'm havin' big paper, big, big paper, I'm rich for the rest of my life, ayy

It's me, it's him, that nigga that you wanna be
Wherever the money and weed, that's where I'ma be
Might hide in the hills, but I'm from Memphis, Tennessee
I'm Derrick Henry, nobody runnin' shit but me
Got rich off drugs and scripts from pharmacy brands
The Yercs, the X, the Addys, the lean, the Xans
Prometh', codeine, my vision get slightly enhanced
Get in this car with me puttin' your life in my hands
Recklessly driving, can't keep this bitch out of my pants
It's funny, 'cause, honestly, she don't know me from a can
Keep it a G, don't I get fly like Dapper Dan?
Don't I run through these rappers' budgets and fuck up they advance?

I'm a pill poppin', gold grill rockin', still a Memphis-ass nigga for life
I'm a seal poppin', condoms not an option, ratchet-ass nigga for life
If you a risk taker, bad-bitch breaker, you a trill-ass nigga for life
I'm havin' big paper, big, big paper, I'm rich for the rest of my life
