Make way bitch  
Cause we will pop pills, pop pistols and get high  
And fuck the strippers  
(That's what I did mane)

I bought some guns yesterday  
I'mma buy some more today  
Ain't no units in my name  
I got out the way  
Try me I'mma show you why they call 'em bitches throw away  
Plenty bodies, only fuckin' 'round and be some more today

Ready to blow your ass off right in front of people  
You keep a bunch of goons with ya  
It won't take but one pistol  
Shoot you in the head then you dead they gon' all miss ya  
I hope your choice of car is not a Chevy but an armored truck  
Cause Terrance is blowing shit up and they ride with us
