

# Come Through

Juicy J

Lil bad bitch say she wanna come through  
I'm chilling at the spot you could come through  
Say her friend wanna come, tell her she can come too  
I'm gon' cum, you gon' cum, tell her she gon' cum too

Lil bad bitch say she wanna come through  
I'm chilling at the spot you could come through  
Say her friend wanna come, tell her she can come too

I used to be that nigga that would take ya hoe  
If she ain't sucking dick then she gon' have to go  
Now I'm on some new shit I'm so fucking cold  
Now I have 'em eat each other at the door  
Spending all this money like this shit ain't nothing  
Pull up full of drugs like I'm David Ruffin  
Sprinter full of hoes they just wanna party  
I told you once before these hoes for everybody  
The loud burning with my niggas, them extendos with us  
Came to party but we keep them triggers  
Pour Patron on a thirsty hoe  
You done seen a lot of shit but you ain't never been fucked on a boat

Lil bad bitch say she wanna come through

She said she left her man at the house  
She said she going live on Facebook  
She say she do her thang with a grapefruit  
She tryna get with any nigga with some dough  
She wanna bring a friend to enjoy the show  
Well I'm a tell them bitches meet me at the room  
Cause I got something else for the both of you  
And you gon' have to share that pussy with the crew  
You talking all this shit its time to show and prove  
We throwing all these hundreds on that fat ass booty  
You throw that pussy at me I'm a alley-oop it
