I want you to take a two-minute smoke break, bruh
Just two minutes, you know?
When your boss ain't lookin' or if he go somewhere
Take a two-minute smoke break

They said we couldn't smoke dope in this bitch, but we still fired up
Nigga actin' like he want smoke in this bitch, nigga, don't get fired up
Fired up, nigga, don't get fired up
Fired up, nigga, don't get fired up
Big wheels, 454 big block, it's hot, bitch, fire it up
Soon as they drop this shit in the spot, nigga, we gon' get fired up
Fired up, nigga, we gon' get fired up
Fired up, nigga, we gon' get fired up

Can't talk 'round none of these niggas 'cause they probably wired up
Ain't no way you can dodge that hit when it come from the higher-ups
Show me a bad-ass bitch, I'll show you a nigga that's tired of 'em
Anything that nigga Pat with, I'm with, nigga, that's my bro
Don't get lined up, when I'm in your city, ho, line up
That's my cup, don't worry 'bout what's up in my cup
Both doors off on the Jeep and I'm hangin' out the side of this bitch like a fire truck
Money get piled up, play with me, killers get dialed up

They said we couldn't smoke dope in this bitch, but we still fired up
Nigga actin' like he want smoke in this bitch, nigga, don't get fired up
Fired up, nigga, don't get fired up
Fired up, nigga, don't get fired up
Big wheels, 454 big block, it's hot, bitch, fire it up
Soon as they drop this shit in the spot, nigga, we gon' get fired up
Fired up, nigga, we gon' get fired up
Fired up, nigga, we gon' get fired up
