Your shit mild, that ain't my style  
Your bitch wanna have my child  
Ain't that against your wedding vow?

I'm a king, take a bow  
Juicy J don't fuck around  
Brand new Rollie, bust it down  
All this smoke, that's a pound  
Call my car the smoker's lounge  
Copy now, got too much sauce  
You'll fuck around and drown  
And all these niggas bitin' off the Three Six sound  
But you bitches know the difference, y'all a bunch of clowns  
You a worker, I'm a boss  
That shit fake, knock it off  
I just left with all these bitches, need some help to fuck 'em all  
Drink on ice, wrist on frost

All night she top me off
