

# Make It Happen

Juicy J

Woke up, fresh out of class, we with Juicy J  
Young TV, new fresh shit that's rhyming in the back of L.A  
I'm in my zone right now, get out of my face  
I stay out of the way  
Regular ride in the day  
I was out here getting cake  
I was outta my school, came back for few weeks  
Wasn't even acting cool  
I keep it 1 or 2  
I gave you niggas truth  
My main chick Sarah Palin, she got her business too  
I'm poking holes in the bed like I'm reading Dr. Seuss  
The mango with the shit, its to get yo pockets loose  
My momma know I got it, I ain't never slacking  
I'm perfect on my timing and I'm always bout that action  
I stay feeling [?] rap shit  
Its a perfect score timing that's ultimate satisfaction  
She's messing with my mind, swear it gotta []  
She got no respect, I'm caught up in a rap shift  
I be on my rap shit  
That's why I be on my pastor  
Spend it for everybody, that's why I make it happen  
Juicy Louis tagging  
I'm Gucci get em sagging  
In the city of big money, fat hoes and fashion

I'ma make it happen  
I'ma make it happen  
If any means necessary  
I'ma make it happen  
I'ma make it happen  
I'ma make it happen  
By any means necessary

Call 911, somebody got shot  
Somebody got murked, these niggas don't stop  
They don't even care no more, rich or your not  
Nigga dress like other niggas, that's what its about  
I call for 5 stacks, you still get jacked  
You put some rims in it, you in a body bag  
You have anything to do with stunting that mag  
I got something for you bitches its all finna dash  
Don't make me let her go  
Don't make me lit her breathe  
Cause once she starts talking, she a never see  
Something automatic, we gon' prepare trapping  
You niggas rap about these guns, I hope you niggas packing

I'ma make it happen  
I'ma make it happen  
If any means necessary  
I'ma make it happen  
I'ma make it happen  
I'ma make it happen  
By any means necessary
