

# Mansion

Juicy J

We used to ride around in steamers man  
Now we pull up back to back in Beamers man  
We used to live up in the trap house  
Now I got a mansion I can trap out  
We used to live up in the trap house  
Now I got a mansion I can trap out  
I can trap out  
Now I got a mansion I can trap out

Yeah I push beats, yeah I push keys  
I need at least 50 G's every time I touch a beat  
Still use my face in the street  
Still got that base in the street  
I know you like the way the beat rock  
That's the heat rock, no sheetrock  
Ballin' out in my gymnasium  
They out of bounds, I don't play with them  
Acting brand new, I ain't saving them  
The ones I used to dream about, I have my way with them  
I'm a let 'em in the club, I'm a pay for them  
Heard they wasn't doin' good, I'm a pray for them

We used to ride around in steamers man  
Now we pull up back to back in Beamers man  
We used to live up in the trap house  
Now I got a mansion I can trap out  
We used to live up in the trap house  
Now I got a mansion I can trap out  
I can trap out  
Now I got a mansion I can trap out

Beamed up, fresh, clean cut  
Pour the lean up, mix the beans up  
Beam up, roll the dream up  
She thought she saw Jesus but she saw us  
Boss up, boss up, boss up  
Floss up, floss up, floss up  
Sauce up, sauce up, sauce up  
Cough up, cough up, cough up  
That's when you know you got it  
All these hoes exotic, all these hoes exotic  
And they fully loaded, like an automatic  
What if I never got it?  
Remember if it ain't 'bout dough I probably done forgot it  
Don't forget

We used to ride around in steamers man  
Now we pull up back to back in Beamers man  
We used to live up in the trap house  
Now I got a mansion I can trap out
