Okay, this is verse two  
That means that it's blunt two  
My eyes like a Chinese mane you can call me Bruce (Lee)  
It's cloudy in the booth  
My blunt is almost through  
Maserati outside, two doors no roof  
Which one of you niggas say you want it with juice  
I ain't Jesus but I'll show yo ass da truth  
Don't get scared when I turn them cannons loose  
Better yet, fuck it, let them goons handle you

I grew up with' the goons so what the fuck you think that made me?  
I'm not a game so ain't no muthafucka played me  
I got whips, and I am not a slave, see  
And I'm gon' ball like a muthafucka shave me  
I grew up with' the goons so what the fuck you think that made me?  
I'm not a game so ain't no muthafucka played me
