

Switched Up

Juicy J

Play me some pimpin', mane
Nowadays blood gettin' a little thinner every day
Nigga probably tell on his brother, tell on his cousin
Tell on his A man

Nigga switched up on me
It was time to ride, nigga bitched up on me
Thought she really loved me, bitch switched up on me
Opportunity came, she chose a nigga with more money (Damn)
It's only a lesson if you learn from it
You can't tell me 'bout the bottom 'cause I come from it
Niggas out to get me, I thought they had love for me
Fuck my old hoes, I ain't got no love for 'em

How you hatin' on a nigga with the same blood?
Grandma used to wash us up in the same tub
I'm a humble nigga, always showed the same love
The niggas pitchers, throwin' curves like the changeup
Nothin' else to say, I never knew you felt that way
What you find out'll break your heart when you investigate
It be the closest to backdoor, that shit be devastatin'
This the type of shit that's goin' on, so I'm just educatin'
People hate 'cause you got dreams to get out that basement
I grew up poor, but still you don't see me out here complainin'
Nowadays it's so fucked up, it's just kids killin' kids
And the grown folks ducks
That goin' against the grain shit don't hold up
Always comin' to the shows, but you never showed up
Pay attention to the signs, shimmers when they showed up
I was cuttin' grass for snakes, but guess who showed up

Nigga switched up on me
It was time to ride, nigga bitched up on me
Thought she really loved me, bitch switched up on me
Opportunity came, she chose a nigga with more money (Damn)
It's only a lesson if you learn from it
You can't tell me 'bout the bottom 'cause I come from it
Niggas out to get me, I thought they had love for me
Fuck my old hoes, I ain't got no love for 'em

Nowadays blood gettin' a little thinner every day
Nigga probably tell on his brother, tell on his cousin
Tell on his A man
You know times is crazy
When you can't even trust your family
Damn
