

Amazing

Juke Ross

It's a big world, do your own thing
Don't gotta worry, graduate this spring
You'll be on your way
Try not to hesitate
And in the dark, know you will be
Fine in this world, with or without me
Keep me around
So I can tell you when you're down

I think you're amazing
Your momma's scared but I see that you're grinding so hard
I think it's so crazy
But you don't even know
I think you're amazing
You know I'll be there when it seems like its getting too hard
I think it's so crazy
You don't even know

I'm just your man, know that I won't
Ruin your plans, ruin your thoughts
Open your wings
And I'll be there to lift you off your feet
Love how your name taste on my tongue
Don't wanna share it with anyone
It's my favorite sound
It's like it's made for me

I think you're amazing
Your momma's scared but I see that you're grinding so hard
I think it's so crazy
But you don't even know
I think you're amazing
You know I'll be there when it seems like its getting too hard
I think it's so crazy
You don't even know

I think you're amazing

I think you're amazing
Your momma's scared but I see that you're grinding so hard
I think it's so crazy
But you don't even know
I think you're amazing
You know I'll be there when it seems like its getting too hard
I think it's so crazy
You don't even know

I think you're amazing
I think you're amazing
