Goodbye I'll see you soon  
Good-goodbye I'll see you soon  
Goodbye I'll see you soon  
Goodbye I'll see you soon  
I'll see you soon, I'll see you soon

I used to love ya back in high school  
When you were friends with my friends' friends  
And though I never really known you  
Girl I wanted to, so bad bad bad  
Rest your eyes little mama  
I'll be back in Georgetown someday  
Nothing's better than your loving  
But for now I'm leaving

To Atlanta, Atlanta  
Where the kush just hits ya harder  
Atlanta, Atlanta  
Where these dreams are taking longer  
Almost, sold my guitar  
For a dance at Magic City  
Damn, wish you came up with me  
To Atlanta, Atlanta

Goodbye I'll see you soon  
Good-goodbye I'll see you soon  
Goodbye I'll see you soon  
Goodbye I'll see you soon, I'll see you

Chilling out in my hotel  
Sitting there by myself  
You're always in my head  
The city's bigger than I'm used to  
Really makes me miss you  
So bad bad bad  
Promise we'd talk everyday but  
We don't, 'cause I'm out all night long  
Drifted further than the distance  
Now things are different and I'm alone

In Atlanta, Atlanta  
Where the kush just hits ya harder  
Atlanta, Atlanta  
Where these dreams are taking longer  
Almost, sold my guitar  
For a dance at Magic City  
Damn, wish you came up with me  
To Atlanta, Atlanta

Goodbye I'll see you soon  
Goodbye I'll see you soon  
Goodbye I'll see you soon  
I'll see you soon, I'll see you soon  
Goodbye I'll see you soon (I'll see you soon)  
Goodbye I'll see you soon (I'll see you soon)  
Goodbye I'll see you soon  
I'll see you soon, I'll see you soon

To Atlanta, Atlanta  
Where the kush just hits ya harder  
Atlanta, Atlanta  
Where these dreams are taking longer  
Almost, sold my guitar  
For a dance at Magic City  
Damn, wish you came up with me  
To Atlanta, Atlanta

Goodbye I'll see you soon  
Good-goodbye I'll see you soon  
Goodbye I'll see you soon  
Goodbye I'll see you soon  
I'll see you soon, I'll see you soon  
Goodbye I'll see you soon (I'll see you soon, see you soon)  
Good-goodbye I'll see you soon (I'll see you soon, see you soon)  
Goodbye I'll see you soon  
Goodbye I'll see you soon, I'll see you  
  
I'll see you soon, I'll see you soon
