

# Opened Up

Juke Ross

I know it sorta feels like it been a while but I went away  
I bought a truck and sold a truck  
I was walking around town its only one town to share and I realized I felt l  
ike

I don't wanna see you anymore  
I just wanna see you at my door  
I don't wanna see you in the light  
Cuz you know that you're exciting to me

I don't wanna see you cuz its hard  
I don't wanna see you in the park  
But I want to see you on your bike  
In the night at the end of my walk

I see that you've opened up and  
There's more to love when  
There's more love from me to you

I see that you're over something  
Not over the edge  
Now more love from me to you

We see the grass we see the path  
Don't like it when its drifts away  
I don't like it when its a bit too playful sometimes

I paid the price for a golden heart  
Now lets get off to the races  
You are on up with the aces  
My adaptability finds me

I see that you've opened up and  
There's more to love when  
There's more love from me to you

I see that you're over something  
Not over the edge  
Now more love from me to you

I should be married with a son  
But honestly my brains are numb  
Wont let ourselves become any less than that  
Than we want to

I see a version of my life  
One where my luck won't end  
No fabled crash crescendo for me

I see that you've opened up and  
There's more to love when  
There more love from me to you  
I see that you're over something  
Not over the edge  
Now more love from me to you
