

Right Turn Down Broadway .

Juke Ross

We'd been walking and way beyond
Laid all the sweet surrender we'd faced
I wouldn't trade you for anyone
Nor would I swear, I just wanted to say

When you can't take the right turn down Broadway
And your feet are calling
And you don't know what to do
I'm just one call away
Just call and say
I'll be there to come get you, you

If you want me, just say the word
We've been all the way from money to barely none
It's in the cake mother says it was
And it's in the taste
The savor of grapes

When you can't take the right turn down Broadway
And your feet are calling
And you don't know what to do
I'm just one call away
Just call and say
I'll be there to come get you

Sticks and stones, we're unstoppable
Leave the lights on, she says
Extend the date lines
No more state fines
I'm with you every single day

Mmmmmmm
