

# Send Me Your Loving

Juke Ross

Send me your loving  
Though tonight I'm far away  
Know the time is a coming  
When the moment arrives we'll feel it

Give me a kind of love  
That gives me life to live  
And when our timing comes  
We'll sail the winds

Raindrops are falling  
Out on my window pane  
Pigeons are calling  
Loud with a voice that's fearless

Tender times of love  
Tender times we'll bring  
When our timing comes  
We'll sail the winds

We'll turn the candles on  
Burn it all night long  
They'll call us vagabonds  
But we'll have us

We'll be...  
Two feet dancing in the rain  
And our memories  
Will never go away  
Sunshine will remain  
Say you'll never leave  
Come joyride this train

Lalala lalala la la la la hmffff  
Come joyride this train

Up to your towers  
Looking out on a silent hill  
Roses and violets  
Show me a kinder way  
Gentle as the breeze  
On a springtime beach  
Humming with the bees  
Turning bitter sweet

And then we will return  
To that same old shelf  
See the candles on burning still

We'll be...  
Two feet dancing in the rain  
And our memories  
Will never go away  
Sunshine will remain  
Say you'll never leave  
Come joyride this train

Your glass of rosé in this town town town town town  
Will fill me up when I'm down down down down down  
And baby we will be

We'll be...  
Two feet dancing in the rain  
And our memories  
Will never go away  
Sunshine will remain  
Say you'll never leave  
Come joyride this train

Lalala lalala la la la la hmmmmmm  
Come joyride this train  
Lalala lalala la la la la hmmmmmm  
Let's joyride this train
