

Flash!

Jukebox the Ghost

It's gonna come any minute
You're waiting on the phone
Think he's gonna drop the bomb and leave you on your own
Keep your chin up for a second
Cut yourself some slack
Loosen up your shoulders, it's bound to break your back

Drenched in the pouring rain, I know it's scary but it's so ordinary

Flash! Thunder and lightning
Crash! Just a matter of timing
Every single second is the end of the world for someone

It's gonna be for the better
You don't have to take my word
It isn't a disaster, honey don't be so absurd

Meet me in the pouring rain, I know it's scary but it's quite ordinary

Flash! Thunder and lightning
Crash! Just a matter of timing
Every single second is the end of the world for someone
Every single second is the end of the world for someone

Listen to the drops of the rain, are they beckoning?
Though it could come any minute, might as well get along with it
It can be hard and I'm a witness, everyone's luck has a limit

Let's go out in the rain, let's see how long we can stay

Flash! Thunder and lightning
Crash! Just a matter of timing
Every single second is the end of the world for someone
Every single second is the end of the world for someone
Every single second is the end of the world for someone
