

In The Waves

Jukebox the Ghost

Perfect, awful, better, hopeful, borrowed time
Angry, joyful, bitter, helpful, simplified
In your words... put it your words
Centered, lifeless, brilliant, mindless, dignified
And the waves come crashing down

Family, island, candid, liars, magnified
Patterns, colors, compliant mothers heal the time
Silence, put it in your words...
Say it in your words

Perfect, awful, better, hopeful, simplified
Perfect, awful, better, hopeful
Perfect, awful, better, hopeful
Perfect, awful, better, hopeful, borrowed time

Perfect, awful, better, hopeful, borrowed time
