

Million Dollar Bills

Jukebox the Ghost

Million dollar, million dollar, million dollar bills

I made my money selling million dollar bills
Half off, half off, get 'em while they're hot
I made my money selling million dollar bills
Oh, oh, oh, oh, million dollar bills

I take that money and I turn it into thrills
Buckle up, buttercup, take you for a ride
I take that money and I turn it into thrills
Oh, oh, oh, oh, million dollar bills

I'll cure your loneliness, don't worry 'bout the price
They say you can't buy happiness
But pull out your wallet and try

Gotta give 'em what they want
Tell 'em that they want it
Gotta give the people what they want when they want it
Million dollar, million dollar, million dollar bills
(Million dollar, million dollar, million dollar bills)
Gotta give the people what they want
Give the people what they want
Give the people what they want

I put my face on a million dollar bill
Half off, half off, get it while it's hot
I put my face on a million dollar bill
Oh, oh, oh, oh, million dollar bills

'Cause money makes you lucky and it also makes a pretty face
I'll take your money and I promise that I'll keep it safe
I made my money selling million dollar bills
Oh, oh, oh, oh, million dollar bills

I'll cure your loneliness, don't worry 'bout the price
They say you can't buy happiness
But pull out your wallet and try

Gotta give 'em what they want
Tell 'em that they want it
Gotta give the people what they want when they want it
Million dollar, million dollar, million dollar bills
(Million dollar, million dollar, million dollar bills)
Gotta give the people what they want
Give the people what they want
Give the people what they want

Million dollar, million dollar, million dollar bills
Million dollar, million dollar, million dollar bills

I'll cure your loneliness, don't worry 'bout the price
They say you can't buy happiness
But pull out your wallet and try

Gotta give 'em what they want
Tell 'em that they want it

Gotta give the people what they want when they want it
Million dollar, million dollar, million dollar bills
(Million dollar, million dollar, million dollar bills)
Gotta give the people what they want
Give the people what they want
Give the people what they want

Million dollar, million dollar, million dollar bills
Million dollar, million dollar, million dollar bills
Million dollar, million dollar, million dollar bills
Million dollar, million dollar, million dollar bills
