

So Let Us Create

Jukebox the Ghost

Isn't every day exactly what we make?
Mistakes, mistakes
And often are the same thing
We'll make the same mistakes
Let's get to know them then
Let's get to know them then

So let us create
What we need each other to be
And I'll be what you need
For me to be

If your dreams are far too real
Let me in them then
Let me in them then

With your dreams I'll make a new
I'll slowly change the view
I will soften them then
I will soften them then

So let us create
What we need each other to be
And I'll be what you need
For me to be

And I will grab hold
Of this small little girl
I will warm with them
I will warm with them

And I know I am known
And say something that I know
Could be the end then
Could be the end then
