

Truth

Jukebox the Ghost

Would you rather be happy?
Or would you rather be right?

I can see that that made a dent
In your fragile little confidence
I don't get sad, I don't get blue
Doesn't matter what you put me through
Ay ay

That's me, that's you
I'm just speaking my truth
I'm just speaking my truth
Sorry not sorry I'm right

I never signed a God damn thing
Forget you and your NDA
You can send your lawyers
With their orders
But there's nothing they can make me do
I won't change
Ay ay

That's me, that's you
I'm just speaking my truth
I'm just speaking my truth
Sorry not sorry I'm right
Truth
I'm just speaking my truth
Sorry not sorry I'm right

Always correct to the Nth degree
Turning friends into enemies
I don't mind, I don't care
Gonna ride this high horse outta here
I won't change
Ay ay

That's me, that's you
I'm just speaking my truth
I'm just speaking my truth
Sorry not sorry I'm right
Truth
Truth
Sorry not sorry I'm right
Truth
I'm just speaking my truth
Sorry not sorry I'm right
