

Shine

Julee Cruise

Maybe I am not in line
Maybe this is not the time
But I've taken such a shine to you

I know you are hers not mine
I know I am out of line
But I've taken such a shine to you

'Cause in my eyes you glow you shine
I want you wild
'Cause in my eyes you glow you shine
I want you wild

Shine on, shine on, shine on, shine
I watch from above , you wish I would stop
Shine on, shine on, shine on, shine

'Cause in my eyes you glow you shine
I want you wild
'Cause in my eyes you glow you shine
I want you wild

Maybe in another life
I don't feel it's such a crime
To say I've taken such a shine to you

I don't want to rock the boat
Change your life but I seem to float
As I've taken such a shine to you

'Cause in my eyes you glow you shine
I want you wild
'Cause in my eyes you glow you shine
I want you wild

Shine on, shine on, shine on, shine
I watch from above, you wish I would stop
