

Foolish Thing

Julia Fordham

I totally adored you
I would have stuck by you
Through thick and thin
I would have let you
Touch my pure and
Discerning skin
I almost fell in love with
The man you almost are
I almost stopped myself
From falling in too far
Can I just say
You have done a foolish thing
You walked away
From all the good
My solid love could bring
Now I hear you're hanging round
With some mousey girl
From some small town
Foolish thing
Foolish thing
Your friends warned me about you
They said you were more trouble
Than you're worth
They said you couldn't give me
All that I deserve
