

I had a dream we were ridin' in a drop-top  
Down the block  
Takin' our time doing whatever we want  
You put your hand on top of my hand

And just like "Grease", we were summer loving  
Had our first kiss  
And we hit the ground runnin'  
Ah, you put your hand on top of my hand

No dark side for us  
No fights just because  
No silence that kills  
No, no sleepless nights  
Oh, just you and I  
I love how that feels

So can we stay in this dream like we are seventeen?  
Making love and getting high you and me  
Where we never get angry or bitter or lonely  
Can we stay in this dream like we are seventeen?

Where we keep going non-stop down the block  
Sneaking our way into every single club  
And I have one too many I think  
And this thing we have  
We didn't know what was it  
We didn't know that we could get messed-up from it  
And all we really wanted was

(Oh, babe)

No sleepless nights  
Oh, just you and I  
I miss how that feels

So can we stay in this dream like we are seventeen?  
Making love and getting high you and me  
Where we never get angry or bitter or lonely  
Can we stay in this dream like we are seventeen?

Pin you down  
Kiss me now  
We could go in for another round  
Pin you down come kiss me now

Pin you down  
Kiss me now  
We could go in for another round  
Pin you down come kiss me now

I had a dream that we danced at a crosswalk  
Down the block  
Didn't even care that we made the traffic stop  
You put your hand on top of my hand

So, can we stay in this dream like we are seventeen?

(Can we stay?)  
Making love and getting high you and me  
(Can we, baby?)  
Where we never get angry or bitter or lonely  
(Where we never get-, oh)  
Can we stay in this dream like we are seventeen?

Pin you down  
Kiss me now  
We could go in for another round  
(We can go in, babe)  
Pin you down  
Come kiss me now  
(Pin you down right now)

Pin you down  
Kiss me now  
We could go in for another round  
Pin you down  
Come kiss me now
