

Scissors

Julia Michaels

You wanna say goodbye
I'm not crying rivers
If you wanna cut ties
I'll get the scissors
Baby, I don't mind
I'm not even bitter
If you wanna cut ties
I'll get the scissors, baby

You should know about me
When it comes to love, I'm pretty cautionary
Hurt your feelings involuntary
When I say I'll see you, I mean in Nevuary, so

Kiss me while you can
And babe, when you're ready
I'll be there with hands so steady

You wanna say goodbye
I'm not crying rivers
If you wanna cut ties
I'll get the scissors
Baby, I don't mind
I'm not even bitter
If you wanna cut ties
I'll get the scissors, baby

Cutting you, cutting you out, cutting you off
Feels so good, really good, really good when I say that I'm
Cutting you, cutting you out, cutting you off
Feels so good, really good, really good when I say that I'm

You should know about me
When it comes to lovers I'm not repetitious
I know I look it but I'm not that precious
You don't have to stay the second we get finished, so

Kiss me while you can
And babe, when you're ready
I'll be there with hands so steady

You wanna say goodbye
I'm not crying rivers
If you wanna cut ties
I'll get the scissors
Baby, I don't mind
I'm not even bitter
If you wanna cut ties
I'll get the scissors, baby

Cutting you, cutting you out, cutting you off
Feels so good, really good, really good when I say that I'm
Cutting you, cutting you out, cutting you off
Feels so good, really good, really good when I say that I'm

Mmm
Cutting you off, baby, I love it

Cutting you off, baby, I love it
Cutting you off, baby, I love it
Cutting you off, baby, I love it
Cutting you off
