

Symphony

Julia Michaels

I was a straight line on a blank page
I could rewind, but I couldn't play
I thought it was over
And you were gentle
As a whisper
I was nervous
When you used to come here, ooh
Closer as your

Voice breaks through the quiet
And you hear me with the sound
Your fingertips release me
When you say my name out loud
And I was lost in silence
Until you sang to me...

Like a Symphony
Oh
Like a Symphony
Mmm...

You started slow and took your time
'Til I was yours and you were mine
So perfectly
Then the sky went black and back to blue
And I could spend all day just kissin' you
Stay with me as your

Voice breaks through the quiet
And you hear me with the sound
Your fingertips release me
When you say my name out loud
And I was lost in silence
Until you sang to me...

Like a Symphony
Oh-ooh-woah
Like a Symphony

So baby, scream it out
I wanna hear it loud
Over and over and over and over
Oh-oh-oh-oh

Your voice breaks through the quiet
And you hear me with the sound
Your fingertips release me
When you say my name out loud
And I was lost in silence
Until you sang to me...

Like a Symphony
Oh-ooh-woah
Like a Symphony
Like a Symphony
Oh-ooh-woah
Like a Symphony
