

# Time

Julia Michaels

Remember when you said we weren't allowed to break up over Face Time?

And you broke up with me over FaceTime

Three days into your trip, you really didn't waste time

You said we could be together if we could only change time

But that wasn't the issue, don't you dare blame time

I should've known we wouldn't make it when we didn't say I love you (I love you)

At the same time

At the same time

I wish I could save time

Go back a couple years before loving you got in the way

I wish (I wish) I could save time

Go back a hundred tears before loving you got in the way

Sometimes I think you were only ever with me for the fame time

Yeah, you took your fifteen minutes, then you never came back

That's one hell of a really long break time

You saw I was dying for love and it's almost like you said, "Game time"

I thought you were the one, I thought we had super great time

I should've known we wouldn't make it when we didn't say I love you (I love you)

At the same time

At the same time

I wish (I wish) I could save time (Time)

Go back a couple years before loving you got in the way

I wish (I wish) I could save time (Save time)

Go back a hundred tears before loving you got in the way

Yeah, I know, I know, I know it's gonna take some, take some time to not feel betrayed

I know, I know, I know it's gonna take some, take some time to let it all fade

I, I know, I know, I know it's gonna take some, take some time to forget your name, oh

I know, I know, I know

Oh, I

I wish (I wish) I could save time (Time)

Go back a couple years before loving you got in the way (The way)

I wish (I wish) I could save time

Go back a hundred tears before loving you got in the way

I wish (I wish) I could save time (Time)

Go back a couple years before loving you got in the way (The way)

I wish (I wish) I could save time (Save time)

Go back a hundred tears before loving you got in the way
