

# What A Time

Julia Michaels

I feel a little nauseous and my hands are shaking  
I guess that means you're close by  
My throat is getting dry and my heart is racing  
I haven't been by your side  
In a minute, but I think about it sometimes  
Even though I know it's not so distant  
Oh, no, I still wanna reminisce it

I think of that night in the park, it was getting dark  
And we stayed up for hours  
What a time, what a time, what a time  
You clinged to my body like you wanted it forever  
What a time, what a time, what a time  
For you and I  
What a time, what a time  
For you and I

I know we didn't end it like we're supposed to  
And now we get a bit tense  
I wonder if my mind just leaves out all the bad parts  
I know we didn't make sense  
I admit it that I think about it sometimes  
Even though I know it's not so distant  
Oh, no, I still wanna reminisce it

I think of that night in the park, it was getting dark  
And we stayed up for hours  
What a time, what a time, what a time  
You clinged to my body like you wanted it forever  
What a time, what a time, what a time  
For you and I  
What a time, what a time  
For you and I

For you and I  
For you and I  
For you and I  
What a time, what a time for you and I  
What a time for you and I, yeah  
What a time, what a time for you and I

I think of that night in the park, it was getting dark  
And we stayed up for hours  
What a lie, what a lie, what a lie  
You clinged to my body like you wanted it forever  
What a lie, what a lie, what a lie  
For you and I  
What a lie, what a lie  
For you and I

For you and I (for you)  
For you and I (for you)  
For you and I (for you and I)  
For you and I, yeah
