

Heron

Julia Stone

(Ooh-ooh-ooh-ooh-ooh)

You were only trying to fight it
Music that would call to me
When you'd fall for me
I could tell that you were frightened
Music that would always be in your beauty

I can feel the river when you talk to me like that
Little bit of love goes a long long way

I can feel the river when you talk to me like that
Little bit of love goes a long long way

There's no way we could fight it
Music that would call to us when we fall in love
And everything is heightened, a lightness no one could pull apart
The hardest love

I can feel the river when you talk to me like that
Little bit of love goes a long long way

I can feel the river when you talk to me like that
Little bit of love goes a long long way

(Ooh-ooh-ooh-ooh-ooh)

(Ooh-ooh-ooh-ooh-ooh)

(Ooh-ooh-ooh-ooh-ooh)

(Ooh-ooh-ooh-ooh)

I can feel the river when you talk to me like that
Little bit of love goes a long long way

I can feel the river when you talk to me like that
Little bit of love goes a long long way

Feel the river, feel the river, feel the river
Feel the river, feel the river, feel the river
Feel the river, feel the river, feel the river
Feel the river, feel the river, I can feel the river
Feel the river, feel the river, I can feel the river
Feel the river, feel the river
