Unreal

Julia Stone

I was only a little bit lonely
Trying to reach out for somebody to love me
Lately, you've been making all those sounds

There's something missing when you're not around
I tried to find you
I tried to find you in the sound

You make me feel
You make me feel
So unreal
Real
You make me feel
You make me feel
So unreal
Real

Well, it's the end of another year
Oh dear, I wish you were standing here
Remember last December
You told me to move into your town

There's something missing when you're not around
I tried to find you
I tried to find you in the sound

You make me feel
You make me feel
So unreal
Real
You make me feel
You make me feel
So unreal
Real

Nobody tells you it's gonna rain
Nobody tells you
(There's something missing when you're not around)
Nobody tells you it's gonna change
Nobody tells you
(There's something missing when you're not around)

You make me feel
You make me feel
So unreal
Real
You make me feel
You make me feel
So unreal
Real

You make me feel
You make me feel
So unreal
Real
You make me feel
You make me feel

So unreal
Real
