

## We All Have

Julia Stone

Don't be concerned about your car not working  
Boy you're losing it  
Don't be confused about these games you're playing  
You are choosing it  
Leave it alone now just need time  
Time  
Leave it alone now you will find  
Find

We all have the lightness to be okay okay okay for now  
We all have the lightness to be okay okay okay for now

Don't be concerned about your job not working out  
You will figure out  
Every moment will pass in a moment  
And everything that you need will be open

Leave it alone now just need time  
Time  
Leave it alone now you will find  
Find

We all have the lightness to be okay okay okay for now  
We all have the lightness to be okay okay okay for now

Love is all we needed to be here for  
Love is all we needed to be here for

Leave it alone now just need time, time  
Leave it alone now you will find, find  
We all have the lightness to be okay okay okay for now  
We all have the lightness to be okay okay okay for now
