Who

Julia Stone

Who do you think you are, loving me like you do?
Who?

Wake up, on the phone, I do this on my own
Say you're gonna leave me but you never do
You half-close the door, don't know what you're looking for
Say you're gonna leave me but it isn't true

Say you're gonna leave here, but you can't walk away
Say you wanna be here, but you just can't stay
Make up your mind, give me the time to love you

Who do you think you are, loving me like you do?
Who?
Who do you think you are, loving me like you do?
Who?

You get what you want
Need something and you call it off
Say you're gonna love me but you never do
And you want it to be okay
Do you know how friends behave?
Say you wanna love me but it isn't true

Say you're gonna leave here, but you can't walk away
Say you wanna be here, but you just can't stay
Make up your mind, give me the time to love you

Who do you think you are, loving me like you do?
