

## Now

Julia Wolf

Screen too bright, writin' on the subway  
Standin' on the L, couldn't sit in my skirt  
4 AM alarm, chasin' down my Fridays  
City shift done, then I'd head to the studio  
That was my lifeline, second wind baselines  
You couldn't stop me, sleepin' on the train  
Missed my house, bad timing  
Not dumb luck, everything aligning

I was just an apparition most of my youth  
Cannonball into the coffin and then wake up for school  
'Cause I knew who I was  
All those nights, I knew who I was  
And my premonition right, damn right

Now look at me now  
Look at me now  
Always kinda knew it deep down  
Back when Dad sold the house, when I almost left town  
I done figured shit out  
Look at me now  
No option, I made it happen  
No choice, I was made to have it  
Well look at me now  
Look at me now  
Look at me now  
Look at me now

You can either play or you get played  
Burn through tires on a quick chase (Quick chase)  
It's been a few years since a sick day  
Spent a few years on the long game  
Grew up with a chip on my shoulder, talkin' to no one  
Underestimated, both shoulders are cold ones  
I was plottin' shit, you were crackin' a cold one  
Takes one to know one

I was just an apparition most of my youth  
Cannonball into the coffin and then wake up for school  
'Cause I knew who I was  
All those nights, I knew who I was  
And my premonition right, damn right

Now look at me now  
Look at me now  
Always kinda knew it deep down  
Back when Dad sold the house, when I almost left town  
I done figured shit out  
Look at me now (Look at me now, look at me now)  
No option, I made it happen (Look at me now)  
No choice, I was made to have it  
Well look at me, now (Look at me now)

Look at me now (Ayy)  
Look at me now (Made it happen, made it)  
Look at me now (Made it happen)  
I done figured shit out

Look at me now (Look at me now)  
No option, I made it happen  
No choice, I was made to have it  
Yeah, look at me now
