

Resting B*tch Face: Part 2

Julia Wolf

Okay

I got bad RBF
Every guy I meet probably thinks I'm a bitch
But that's not something you fix
Had to wait 'til seventeen for my first kiss
Mama told me, "You better fix your face"
"You're never gonna find a nice guy that way"
I'm so fucked, LOL, so what?
Maybe one day I'm gonna meet someone

But boys like
Girls who like a good time
Get fucked up on weeknights
Laugh at everything
I've never been the loud type
'Til you meet my loud side
I just get so tongue-tied
Resting bitch face all night
All night 'cause

Shy girls doing the most shit, the dope shit
I've been keeping my focus, my focus
I ain't changing for no dick, for no dick
That shit's hardly a bonus, a bonus
Ooh-ooh, ah, ah
Ooh-ooh, ah, mmm

I got bad RBF
Everybody prolly thinks that I think I'm the shit
But that's just the way that it is
Had to wait 'til seventeen for my first kiss
Mama told me, "You better change your ways"
"You're never gonna find a nice boy that way"
I'm so fucked, LOL, what's love?
Maybe one day I'm gonna meet someone

But boys like
Girls who like a good time
Get fucked up on weeknights
Laugh at everything
