Styrofoam Cup

Julia Wolf

Forced myself to stay at your party
I sat down and watched the whole room
Is it romantic sitting by the window?
Is it romantic no one noticed the view?

I got home, cut my hair in the bathroom
I took a photo in my shortest skirt
When things go wrong, I need a distraction
I remedy the pain with the power

Styrofoam cup full of teeth marks
Everybody talking at once like a detox
Too bad I be soft-spoken, but it's only at the start
It's too loud in here to find out who you are
Oh my God (Na-na-na-na-na-na)
Oh my God (Na-na-na-na-na-na)

Muscle tees and plucked brows
Fever dreams and fake smiles
Keep me up in your headphones
Keep me off the free trials
Parked my car on a side street
Looking for a UFO sighting
Need to take my mind off things
I'm about to flip the scene

I got home tore your name from the margins
I found my sister and we danced 'til dawn
When things go wrong won't need the distraction
I remedy the pain with the power

Styrofoam cup full of teeth marks
Everybody talking at once like a detox
Too bad I be soft-spoken, but it's only at the start
It's too loud in here to find out who you are
Oh my God (Na-na-na-na-na-na)
Oh my God (Na-na-na-na-na-na)

(Na-na-na)
I'll be here
Keep wasting time with her
On the phone
You call me then you swerve
I'll be here
Keep wasting time with her
On the phone
You call me then you swerve
