

The Eternal Tao 2.0

Julian Casablancas

T.E.
T.E.T. cannot be whispered
T.E.
T.E.T
The Tao can't be sung
I long to know what is beyond me
I try to change what I should not change
Realistically optimistic
I'm a philosopher, n-not a mystic
No more playing now, I'm on a mission
But I forgive a man if he doesn't listen
I see Lucifer makes a good living
A philosophy so limiting

Everyone got decisions to make
Oh, yeah, baby, got bills to pay
The truth lies beyond what you see
I'm not mad at you

When I get my turn
When I get my turn
Staying on my toes
Oh, they will see
Forget everything you heard
Forget everything you heard
You don't know who's feeding it to you
When I was sixteen
When I was sixteen
Nobody believed
"Music's for you"
When my turn it comes
When my turn it comes
I will tear the system apart

If you wanna be great
You gotta work late
And nothing is ever done
And that's what matters

T.E
T.E.T. Cannot be said

Now we build statues of robots
Humanity is already a memory

Nothing's black or white, it's all grey
Honesty without tact is cruelty
Nothing turns me on like what you say
Bending towards pending demise

When I get my turn
When I get my turn
Staying on my toes
Oh, they will see
Forget everything you heard
Forget everything you heard
You don't know who's feeding it to you

When I was sixteen
When I was sixteen
Nobody believed
"Music's for you"
It's harder than I thought
But when my time it comes
Will I be prepared?
I guess we'll see

End of the daydream
Nine zillion lane highway
Was not part of the deal

When I get my way
When I get my way (Nothing is ever)
When I get my way (Deleted anymore)
When I get my way
When I get my way
When I get my way (The mind wants to play)
When I get my way
(Free from the assembly line of thought)

Change all my friends
Only 'cause you asked me twice
Change all my clothes
That don't make a difference either
I don't want anything
Unless there's you
Unless there's you
I don't want anyone
Unless it's you
Unless it's you
