

# Let's Blow It All

Juliana Hatfield

This can't be real  
I've never seen so much  
This must be a joke.

I don't know how to feel  
I haven't earned it yet  
Everything fades so fast.

Let's buy a car with cash and crash it  
Buy her the rock she always wanted  
Throw money out the window  
And watch the happy people catch it.

You can't afford to save your life  
Well, I can.  
I'll send you to a posh rehab  
So you can get clean and it won't be so bad.  
Let's buy guitars for all the kids.  
I don't want to wake up wondering where it all went.

Nobody can stop us from blowing it all.  
It's mine and besides, they never cared what I did.

And it doesn't matter where you go  
And it doesn't matter where you are.

Nobody can stop us from blowing it all.  
It's mine and besides, they never cared what I did.

Let's do it now while we still can  
Before they take it away  
Take it back

And we'll leave a one hundred percent tip.

Nobody can stop us from blowing it all  
It's mine and, besides, they've never cared what I'm saying.

Nobody can stop us from blowing it all.  
It's mine and, besides, they've never cared.

They've never cared.  
They never cared  
They never cared
