

Commando

Julie Bergan

You think you're acting like a man
You're playing dirty
You don't deserve this
We'll never fall that deep again
Don't say you need me
I'm not that easy
Oh, yeah, I'm already fed up
About time you let go
Swallow your ego
They say that game
You need to stop
I'm taking charge, oh
Going commando

Let's go

I won't waste no tears on old mistakes
I won't cry 'cause you wanna
Next you're gonna stay
Tonight I'd rather dance alone
I wanna, I wanna, I wanna
I won't waste no tears on old mistakes
I won't cry 'cause you wanna
Next you're gonna stay
Tonight I'd rather dance alone
I wanna, I wanna, I wanna

Always leaving me on read
Until you are by yourself
Call me up at 2AM
When you're tired of all your friends
Even though it's overdue
You just can't be coming through
That's why you always do
Sneaking in
Always find your way
But I won't let you win
If I do you'll only end up lingering
Hate to see you leave
But love to watch you go
Going commando

I won't waste no tears on old mistakes
I won't cry 'cause you wanna
Next you're gonna stay
Tonight I'd rather dance alone
I wanna, I wanna, I wanna
I won't waste no tears on old mistakes
I won't cry 'cause you wanna
Next you're gonna stay
Tonight I'd rather dance alone
I wanna, I wanna, I wanna
