

## Cars and Trucks

Julie Doiron

Oh, what do I do when I wake up at 6:30  
And I am in the city  
I got back to sleep and wait for the streets  
To wake me  
With the sounds of passing cars  
And delivery trucks  
So now I wake up around nine o'clock  
All by myself in this bed  
There's nowhere to be  
This day's just for me  
But it's rainy and gray  
But that's okay  
For today  
Well, it's one of those days  
Where you don't know what to do  
Oh, one of those days  
Where you're feeling kinda blue

So, I'm writing this song to prove to myself  
Maybe I can write songs  
Been putting it off for all kinds of reasons  
I've been afraid to try  
But it don't matter what they say  
I have to try and not be afraid  
'Cause this is mine  
And we're all alive

Well, people, remember  
We all have feelings  
And we are all alive  
And sometimes, it's up  
And sometimes, it's down  
But we all have to try  
As soon as you don't wanna

Oh, we all have to try  
As soon as you don't wanna  
Oh, we all have to try  
But sometimes I just don't feel like it  
Yes, we all have to try  
And sometimes you don't wanna  
But we all have to try
