

Last Night I Lay in Bed

Julie Doiron

Last night, I lay in bed and rested my head
And wondered how our lives would be
If we had never met on that night last spring
I can't imagine where we'd be
And when I think about all the things we do
Together we are making ourselves feel new
And it scares me to think about losing you

Well, I love you
I love you
I do
Yeah, I love you
I love you
I do

Last night, I lay in bed and rested my head
And wondered how our lives would be
If we had never met on that night last spring
I can't imagine where we'd be
And when I think about all the things we do
Together we are making ourselves feel new
And it scares me to think about losing you

Well, I love you
I love you
I do
I love you
I love you
I do
