

# How Can I Make Him Love Me?

Julie London

How can I make him love me?  
What can I do?  
What can I say?  
To make him want to stay

How can I make him need me?  
Need only me  
There by his side  
Just to comfort and to guide

Time and time again  
I tried to tame my heart  
That he would wake up and see  
That we should never be apart

How can I make him love me?  
I've tried so hard  
I've done my best  
Only fate can do the rest
