

It's Nice to Be with You

Julie London

Hey, look what you have done
Showing me the sun
And now it's shining through
It's nice to be with you

Hey, I like the things you say
And I like the way
You do the things you do
It's nice to be with you

Each time that I give my heart to someone new
They just turn it blue
But this time is my time
And my time is all the time I have
To be with you

Please, never go away
Say you're going to stay
And make my dreams come true
It's nice to be with you

Please, never go away
Say you're going to stay
And make my dreams come true
It's so nice to be with you
