

Remind Me

Julie London

Remind me not to find you so attractive
Remind me that the world is full of men
When I start to miss you, to touch your hand, to kiss you
Remind me to count to ten

I had a feeling when I met you
You'd drive me crazy if I let you
But all my efforts to forget you
Remind me I'm in love again

Not to mention that I love you

To be sorry that we met
Although I adore you, remind me to ignore you
You're one thing I will regret
So when your charm begins to blind me
I'll simply tie my hands behind me
Don't let me kiss you, please remind me
Unless, my darling, you forget
