

Say Wonderful Things

Julie London

Say wonderful things to me
I think you're wonderful too
Say wonderful things to me
Especially, "I love you!"

They say I was living before we met
All of my yesterdays I forget
Now you are the one that I'm living for
And each day I love you more

So you must say wonderful things to me
I think you're wonderful too
Say wonderful things to me
Especially, "I love you!"

The more that I see you
The more it seems
People should always believe in dreams
Now all of my dreams I'm dreaming of you
And someday they'll all come true

So you must say wonderful things to me
I think you're wonderful too
Say wonderful things to me
Especially, "I love you!"
(I love you!)
