

# Highlight Reel

Julien Baker

Pass out in the back of a cab  
Could you pull over  
I think that I'm trapped  
Caught underwater  
I beat on the glass  
Gnawing my arm at the shoulder  
Would you help me get out?

Ooh it's a highlight reel  
Tell me how  
You feel

Pulling down a projector  
Scratched in the back of my eyes  
Hovering over  
Tangled in  
The power lines

Ooh It's a highlight reel  
Tell me how to feel

Tell me what snuffed out  
The wick in your eye  
Pumping your chest to  
Make sure you're alive  
When it dies  
You can tell me  
How much was a lie  
I guess that's for me to decide

When it dies  
You can tell me  
How much was a lie  
I guess that's for me to decide
