

## Cast Into the Sea

Julien-K

Cast into the sea of a different kind  
Shouting in the face of the wind  
Nothing I could say would change your mind  
She could stay by your side if you let her  
But that was a different time  
When all it took was the kindest lie  
But I remember her lonely eyes as she said...

No matter how long,  
We're cast into the sea of a different kind  
Sliding in a wake that we left behind  
No matter what's wrong,  
I'm moving through a different state of mind  
Cast into the sea of a different kind

You know, we can't fight the need to surrender  
But maybe we could give it a try  
Maybe we could give it a try  
But I'll remember her lonely eyes  
As she said...

No matter how long,  
We're cast into the sea of a different kind  
Sliding in a wake that we left behind  
No matter what's wrong,  
I'm moving through a different state of mind  
Cast into the sea of a different kind

No matter how long,  
We're cast into the sea of a different kind  
Sliding in a wake that we left behind  
No matter what's wrong,  
I'm moving through a different state of mind  
Cast into the sea of a different kind
