

Technical Difficulties

Julien-K

Rip cord.

About 700 days and ways;
inside is changing;
mind is fading;
twisting, turning;
eyes are burning;
and nothing is working

Are we failing;
talking cheaply;
deepen feelings;
and no one thinking;
solving problems;
intervening;
nothing is working.

Are we failing;
talking cheaply;
deepen feelings;
no one thinking;
solving problems;
intervening;
nothing is working.

We are; experiencing Technical Difficulties (x 3)
please stand by.

We are; experiencing Technical Difficulties (3x).
Nothing's working; please stand by

You can say you can do it;
Major.
There's a sou-ound.
There's a sou-ound.
There's a sound.

Introspection;
leads to rejection;
foolish draining;
sound of laughter;
confusion is our,
silent partner;
and nothing is working

Technical Difficulties.
Technical Difficulties.
Technical Difficulties.
Good-bye.
Hear the music going.
