

All American

Juliet Simms

When did it all go wrong?
When did the world stop turning?
If you didn't know by now
You'll hear about it in the morning

I couldn't help myself
I bet your ears are burning
If you think I'd know by now
When everyone around me's hurting

It's closing time
Turn out the lights
I'll shoot them down
Like an all American,
All American,
All American
I'm daddy's little world spinning out of control, tonight
Like an all American,
All American,
All American
I'm daddy's little world spinning out of control, tonight
Like an all American girl

I wish that we could go to Spain
And drink away the tears we're crying
When everything's gone insane
So maybe I'm a fool for trying

I wish that I could run away
Where no one knows a thing about me
A million miles into space
I wanna spread my wings and fly

Into the night away from this town
But they'll shoot me down
Like an all American,
All American,
All American
I'm daddy's little world spinning out of control, tonight
Like an all American,
All American,
All American
I'm daddy's little world spinning out of control, tonight
Like an all American

Well, I'm just trying to have some fun
I don't wanna hurt no one
Give me everything I want
But I can't ever get enough

Trying to get all the fun
City life's lost its charm

Swearing that I love you
Still wishing I could beat the clock
I don't want this night to stop
I won't stop until I'm done

But I won't stop until I'm done
I'm just trying to have some fun

Like an all American,
All American,
All American
I'm daddy's little world spinning out of control, tonight
Like an all American,
All American,
All American
I'm daddy's little world spinning out of control, tonight
Like an all American girl
