

My Last Whiskey Tears

Juliet Simms

Pour out the bottle
Watch it circle the drain
My head is hanging
Tired of waking up feeling this way
I wonder if this song remembers my name
In a long time coming
But never far away

Packed up my suitcase and I grab my guitar
Bought a one-way ticket
Gonna fly
Gonna light up the stars
I'm a million miles away from where you are
Can't stop me
Watch me
Now I'm moving on

And I've cried my last whiskey tears
My sober eyes can see so clear
I won't look back on wasted years
Oh no oh no

I don't need to drown you out
I spit your taste out of my mouth
And I don't need my past to disappear
In my last whiskey tears

Had me believing I would never survive
It wasn't easy
But I guess I made it out alive
A shot at freedom got me burning inside
Like a fallen angel
Ready for the ride

And I've cried my last whiskey tears
My sober eyes can see so clear
I won't look back on wasted years
Oh no oh no

I don't need to drown you out
I spit your taste out of my mouth
And I don't need my past to disappear
In my last whiskey tears

No more crying
No more whiskey tears
No more crying
No more whiskey tears

And I've cried my last whiskey tears
My sober eyes can see so clear
I won't look back on wasted years
Oh no oh no

And I don't need to drown you out
Spit your taste out of my mouth
And I don't need my past to disappear

In my last whiskey tears
