

Can't Help Falling in Love

Julio Iglesias

Wise men say, only fools rush in,
But I can't help falling in love with you.

Shall I stay, would it be a sin,
If I can't help falling in love with you?

Like a river flows, surely to the sea
Darling so it goes
Some things are meant to be.

Take my hand, take my whole life too,
For I can't help falling in love with you.

Take my hand, take my whole life too,
For I can't help falling in love with you.

Like a river flows, surely to the sea
Darling so it goes
Some things are meant to be.

Take my hand, take my whole life too,
For I can't help falling in love with you.
For I can't help falling in love with you.
