Push + Pull

July Talk

Darkness comes, you've gotta pay your dues
Darkness falls once you look overused
You're born to live but now you live to lose
You don't wanna wait

I don't wanna wait
We're used to the night that leaves us unstable
We're used to the night, we take more than we're able
We're used to the night or whatever's on the table
(Push and pull, you don't wanna wait)

I don't wanna wait
Take, take anything
I don't wanna wait
Take, take anything
You know that I
Take, take anything
I don't wanna wait

(Push and pull, push and pull)

I like the night
(Don't like to hear you, when you speak)
And I like the night
(Somebody's got to, from what you say)
Oh I like the night
(All alone, as you have been?)
(Push and pull, you don't wanna wait)

I don't wanna wait
Take, take anything
I don't wanna wait
Take, take anything
You know that I
Take, take anything
I don't wanna wait

I'm used to the night

(It's push and pull)
(I'm used to the night)
(Can you make it through the night?)
(It's push and pull)
(I'm used to the night)
(Will you make it through the night?)
(It's push and pull)

I woke up in the bloody wool
You hadn't slept, we went to the liquor store
Then we fought over dignity

And now I see that it wasn't for me
(You don't wanna wait)

I don't wanna wait
Take, take anything
I don't wanna wait

Take, take anything
You know that I
Take, take anything
I don't wanna wait
